Dear Mrs. Manley:

May I take this opportunity of asking you for an appointment regarding a matter of great importance and I think it will be an advantage for your ball club.

For a number of years I have been connected with some of the outstanding ball clubs and during the past four years I was club trainer for the Brown Bomber Football club.

I have watched the attention given ball players in the opposite race while working for those clubs. It is a certainty that our ball players will give you better service with such attention.

I would appreciate if possible an interview at my studio where you can see some of my equipment in the event you would be interested in such a proposition.

Thanking you kindly in advance for your cooperation.

Yours in sport,

Charles Turner
